Civil Legal Services and Child Advocacy Centers
[Amendment to Motion #192]

Posted By:
Wheeler Reports, Inc.

Motion:

Move to amend Motion #192 to:

- Create a GPR annual indigent civil legal services appropriation and provide \$1,000,000 GPR annually to the appropriation. In addition, maintain current law statutory language governing the administration of the civil legal services grant program.
- Create a GPR annual child advocacy centers appropriation and provide \$26,500 GPR annually to the appropriation.

Note:

The motion would restore funding to the civil legal services grant program based on the amounts provided to the program in 2008-09, and would return the funding source of the program to GPR. The motion would also delete the 10% reduction to the child advocacy center program by providing offsetting GPR funding of \$26,500 GPR annually.

[Change to Bill: \$2,053,000 GPR]

Motion #197
